Mother's Love

Is boundless. Yet it is utterly helpless to give strength to the child born with a low vitality. The time to give strength to the child is before birth and to impart this gift the mother herself must be strong. Dr. Pierce's Favorite Prescription gives strength to mothers. It preserves them in robust health in the months before baby comes. It practically does away with the pains of motherhood, and enables the mother to endow her child with a healthy body and a happy disposition. "Favorite Prescription" contains no alcohol and is absolutely free from opium and cocaine.

"I consider Dr. Pierce's Favorite Prescription the best medicine made," writes Mrs. Mary Murdock, of 2nd Taylor St., Topeka, Kansas. "I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babies, some were born at right time, but dead, others were premature births, one lived to be one year old but she was always feeble. I tried different doctors but none of them could tell what my trouble was. I was examined by surgeons but they found nothing wrong. I did not know what to do, so I thought this last time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I can not praise your medicine enough for the good it did me."

Dr. Pierce's Pellets cure heart-burn.

"NOW I LAY ME."

"The Mothers' Club is revolutionizing the training of children," said a grandmother lately. "I will question no longer if with propriety I may be called an old fashioned old lady. My recent visit to my grandchildren—my first personal acquaintance with them—has settled the matter. The night after my arrival my little grandson, five years old, insisted that grandmother should put him to bed. 'When he is snugly tucked in,' said his mother, 'he will begin crooning Kipling's "Mandalay," his favorite recitation just now. For a long time it was "The Hunting of the Snark." His recitation of "Mandalay" is original with him, and you will think it musical, I am sure. After "Mandalay" comes "Our Father"—that he will say with you, line by line, as he lies on his pillow."

"Now, being an old fashioned grandmother, I had positive convictions concerning 'blanket prayers,' but suppressed them, as I try to be a wise mother-in-law."

"When the curly head was on its pillow, and the light turned low, the little fellow began to repeat. 'The wind is in the palm trees' and the rest of it in his quiet way. Then crossing his hands on his breast, he said: 'Our Father.' When that was done I expected him as a matter of course to follow with 'Now I lay me,' but he had never heard it, and he said: 'I could repeat it he was sound asleep.'"

"I could not help asking why he had never learned the little verse, and his mother replied: 'Way, mother dear, that belongs to the past, like teaching children to kneel and many other things. Do we want our children to kneel when they ask us for anything? The Mothers' Club has taught us that "Now I lay me" is highly objectionable, with its suggestion in the line, "I should die before I wake." How cruel to implant such a thought in the child's mind! I remember too well the long hours I have lain awake lest I should die in my sleep. The model parent of today has advanced beyond the convictions of the model parent of yesterday, when to impress upon a child a fear of death and to keep in his remembrance that he must surely die was the duty of every good father and mother."

"Think of the funerals children were made to attend when you were a child—the funeral selections of the old school readers, the horrible gloom that fell upon a home whenever death crossed the threshold, the clocks stopped, the pictures covered or turned to the wall, and all the rest. Perhaps the fulfillment of the promise "There shall be no more death" is nearer than many suppose; for what is death when robbed of the fear of it—that which has been a positive cult for centuries? I for one believe that the blessed day is coming when to die will be simply passing on, and, outside of the circle of the dear ones of the departed it will be almost "without observation." Certainly there will be a welcome absence of funeral pageants, the complete annihilation of the ashes after cremation doing away in time with sepulchral urns and chapels for their preservation. Memorial monuments will then be in some form contributing to the world's betterment. The wearing of mourning will be a thing of the past, and that blemish on many a fair rural landscape, the neglected old graveyard, will have disappeared. Funeral "processions" will no more go about the streets."

"Now, when I had recovered somewhat from my amazement at my daughter's arguments, 'Why not a revision of the little prayer under such serious condemnations?' I ventured to suggest. So now the little fellow is saying:

Now I lay me down to sleep;
I pray Thee, Lord, my soul to keep;
When in the morning light I wake,
I feel that my feet that I in Thy take
The path of love for Thy dear sake.

Kodol Dyspepsia Cure

Digests what you eat.

We would like to call your attention to the following letter:

Dear Sirs—I have been suffering from dyspepsia for 21 years. Whenever I would take a strong diet I would bloat up in the stomach. I would suffer great pains in the head and stomach and would be obliged to take to my bed and remain sometimes for a day and night. Nothing I took did me any good until last winter, when some one advised my husband to get for me a bottle of KODOL DYSPEPSIA CURE, which he did. I used several bottles of it and I am happy to say I can eat any kind of strong diet I please. I can sleep well at night and I feel much better. I should like to give Kodol Dyspepsia Cure too much praise, and I will highly recommend it to all sufferers of dyspepsia.—Mrs. Peter Kline, Hopewell, Pa.

It can't help but do you good

There is a very simple reason why Kodol Dyspepsia Cure invariably cures the worst cases of indigestion even after everything else fails, and that is because it is the only preparation known that contains all the digestants and completely digests what you eat.
